

## ET 1130 **BIOBOR JF®** DIESEL & JET FUEL BIOCIDES AND LUBRICITY ADDITIVE

**BioborJF®** is a liquid fuel additive that combats fungus and other microbial life in hydrocarbon fuels such as diesel and jet fuels.

**BioborJF®** eliminates growth of harmful slime producing fungi that clog filters and pipelines, attack rubber fuel system components and whose waste products aid in the corrosion of metal surfaces.

**BioborJF®** is simple to use and harmless to the wide variety of fuel system parts, top coatings, sealants and elastomeric materials tested. It does not adversely affect fuel performance in any way.

**BioborJF®** is an effective microbiocide because of its equilibrium solubility in both fuel and water under conditions of fuel storage.

**BioborJF®** is used by a large number of aircraft operators, airlines, ships, boats, trucking fleets, railroads, bulk storage terminals, fuel suppliers and by other users of hydrocarbon fuels exposed to the possibility of contamination by fungus and bacteria.

**BioborJF®** also adds lubricity to all low sulphur fuels that have been mandated by the EPA.

### *Formulated for Ultra Low Sulfur Diesel Fuels & Bio-Diesel Fuels*

#### USER BENEFITS

- Kills microbial growth in diesel fuel and other hydrocarbon fuels
- Works in both water and fuel phases for a more effective kill... the industry leader
- Disperses and prevents sludge
- Prevents clogged filters that down engines
- Approved for military use (MIL-S53021A)
- Adds lubricity exceeding ASTM standards to increase engine efficiency, protect elastomers
- Approved by Coast Guards worldwide
- Recommended by major engine manufacturers worldwide
- Prevents corrosion
- EPA Approved

#### TREATMENT RATIO

<b>1g-5,000g</b>	<b>SHOCK DOSE</b> 1 gallon treats 5,000 gallons
<b>1p-640g</b>	1 pint treats 640 gallons

#### CONTAINER SIZES

- => 12 – 8oz Bottles
- => 12 – 16oz pint Bottles
- => 4 – 1 Gallon Jugs
- => 5 Gallon Pail
- => 55 Gallon Drum

**THIS PRODUCT DOES NOT CONTAIN ALCOHOL**
